OUR STORY

LA NOSTRA STORIA

BONAPTI THROUGH THE YEARS

Founded in 1972, Bonapti began its journey in Vailate, Lombardy – and has since grown into a global partner for premium Italian food exports, now active in over 20 countries.

1972 De Rosa Bonapti was founded by Cleto Borla, turning his deep love for Italian cuisine into a global mission.

1980 By partnering with iconic brands like Rio Mare and Plasmon as official distributor in Germany, we helped Italian emigrants feel at home, no matter where they lived.

2007 Official incorporation as De Rosa S.r.l. – Bonapti focusing on vegetable preserves, tuna, antipasti, sauces and more.

2014 Launch of the German branch De Rosa Bonapti GmbH, strengthening our presence in Central Europe.

2020 A bold step into UK: we established De Rosa Bonapti LTD.

2021 -Today Expansion of catalogue, logistics capabilities and private label services. Entry into new markets such as the USA and Mexico

OUR PARTNERS

I N O S T R I P A R T N E R

EXPORTING, THE SMART WAY

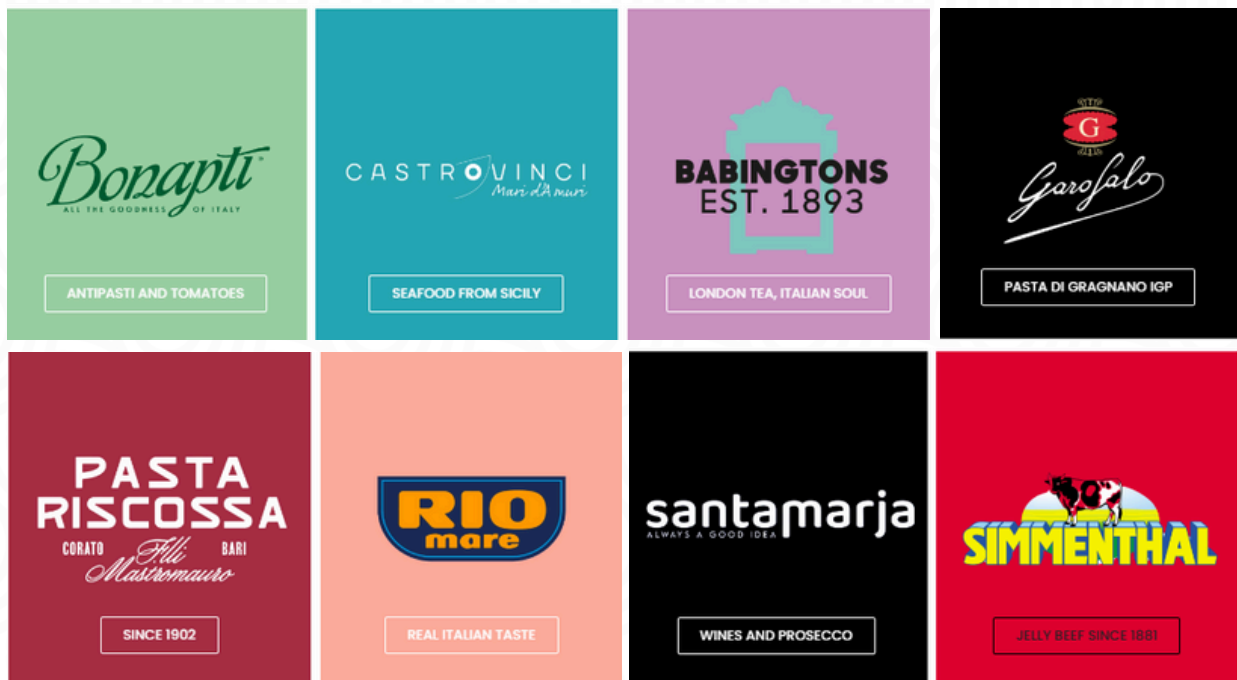

Exporting is more than just transporting products from Italy to the global market for us.

Our true capital lies in **relationships of trust**.

We have been working with numerous importers for decades, and strengthening these **partnerships** is fundamental. In this way, we ensure the delivery of high-quality products and secure shipments, transforming logistics into a genuine competitive advantage for our partners.

But our journey does not end here: we are ready to welcome new customers, curate new products, and innovate in packaging and labeling to meet every market demand.

Our goal is to remain not only at the forefront of innovation but also to anticipate trends, driven by the flexibility and vision that define **Bonapti**.

TOMATO

P O M O D O R O

Grown under the Italian sun, carefully selected, and processed within hours of harvest to preserve its authentic flavour, colour, and aroma, our tomato stands for quality at every level. At Bonapti, we carefully select our partner farms through market and seasonal analysis. This approach allows us to guarantee products with consistent flavour, identity, and quality over time. By working only with trusted producers, we ensure that our tomatoes meet the highest standards of the HoReCa sector, delivering reliability and excellence.
